

UPDATED NEWS FOR 2017

2016 has been a pretty good year with the release of our new wood cabooses model made in china. We also sold out of our new Accurail Norfolk Southern gondolas and PS grain hopper kits.

For 2017 we are doing another small run of our new wood cabooses. We are also planning a new run of the Accurail Norfolk Southern gondolas (2 new numbers) and PS grain hoppers with 4 different numbers.

Also for 2017 we would like to make a Norfolk Southern 2-bay wood chip hopper using one of the Accurail hopper kits. All we need is to make a raised extension section for their hopper. Set-1, 3 different numbers. Set-2, 3 different numbers.

We are working at having all these new models ready for the NMRA 2017 Orlando Train Show. The new showing and released of these new models will be at the NMRA 2017 Orlando Train Show in August 4-6.

We are also working on our new Products Catalog and we are trying to have all these new models included plus the new "Box Car Bay Window Caboose Parts Kit".

1. New run of our 3-Window 36' Wood Caboose
2. Accurail Norfolk Southern gondola, 2 new numbers
3. Accurail Norfolk Southern PS grain hopper, 4 new numbers
4. Accurail Norfolk Southern 2-bay wood chip hopper, 6 numbers
5. ECR - Box Car Bay Window Caboose Parts Kit
